Day 2

After breakfast, you will meet your guide in the lobby of the hotel for a 4-hours visit of the Accademia Museum and Frari Church.

The Accademia museum is a very rich collection of Venetian paintings from Veneto as well, from the Bizantine and Gothic fourteenth century to the artists of the Renaissance, Bellini, Carpaccio, Giorgione, Veronese, Tintoretto and Tiziano until Gianbattista Tiepolo and the Vedutisti of the eighteenth century, Canaletto, Guardi, Bellotto, Longhi. These artists will influence the whole history of European painting.

After the visit, the guide will show you where to have a typical lunch. The afternoon is at your leisure. We suggest to lose yourself around the small streets, walk up and down on the bridges and discover the uncommon corners of Venice. Back to the hotel and have dinner before to go to the theatre. Tonight, you will have a reservation for the opera at Musica a Palazzo!

Day 3

After breakfast make your way on your own to the train station (vaporetto boat tickets included) and take the visit to Padua. The train takes about 30 minutes.
Once in Padua, you will meet your guide and together with her you will visit the Scrovegni Chapel with the famous Giotto’s paintings. After the visit, it will be time to walk through the centre of Padua and taste the typical “cicchetti” with a good glass of wine!
Enjoy your aperitivo at the Piazza Erbe!
In the afternoon, back to Venice by train. In Venice make your way to the hotel. Evening at your leisure.

Day 4

Check-out and take your private taxi to Piazzale Roma where you will be met by your driver to Bassano Del Grappa.
This town is lovely located at the foot of the Alps and represent an icon of the medieval walled town rich of frescoed palazzos, cobbled streets and an amazing wooden bridge. It is also strategically located to visit the Venetian villas.

Once arrived and after the check in at your hotel, you will meet your guide for a 2-hours of orientation tour.
Day 5

Today you will have a full introduction to the concept of Villa Veneta. Your driver will be at your disposal for the day, to go and visit the UNESCO Villa Barbaro as long with Asolo recognized to be one of the most charming village in Italy. You will also have the opportunity to taste the famous sparkling white wine of the area: the prosecco. Salute!

Day 6

Maybe never architectural art has reached such a level of magnificence”
(J. W. Goethe, after the visit at La Rotonda)

Today you will leave in the direction of Verona. On the way you will stop at Vicenza to admire the masterpiece of Palladio: La Rotonda. La Rotonda is not a villa. It’s something more. In time it has been visited by poets and artists, sovereigns and statesmen, scholars and art amateurs, travelers and tourists. To everyone La Rotonda has given an unforgettable emotion, that sense of harmony and grace whose answer is a smile, a silence. After 500 years, La Rotonda today is still a place of pure beauty, waiting to give inspiration, culture, joy.
Have lunch in a typical restaurant of Vicenza (we will help you with the reservation) and continue your drive to Verona. Check in at the hotel and spend the rest of the time at your leisure.

**Day 7**

After breakfast, you will meet your guide for a 3-hours walking tour around the center of Verona. In ancient Roman times, the city of Verona received its chess-board layout and was adorned with the Arena, the world’s best-preserved Roman amphitheater, still today in use for music and entertainment show. You’ll easily recognize the structure of the ancient Roman cities: with the "cardo" (the main North-South axis) that intersected with the "decumanus" (the main East-West axis). Great remains of the era are also the Pietra bridge and two monumental gates: Porta dei Leoni and Porta Borsari. The visit will also include the 14th century house of Juliet, a lovers' venue and a very popular stop: in everyone’s mind Verona is linked to her image and her sad love story. Another 14th century attraction consists of the bizarre "Arche" of the Della Scala family, namely the stone lace structures pointing up to the sky that still harbor suspicions and mysteries. Along the way you will cross three main squares that have maintained their peculiar and very popular, aristocratic or institutional
character throughout the centuries: Piazza Brà, the open air living room of the Veronesi with all the cafe and restaurants lined around the Arena, Piazza dei Signori, enclosed by the medieval palaces of government and the lively Piazza delle Erbe, the oldest one with the open air market.

After lunch you will have time at your leisure: around 5pm you have to be ready for the cooking class! Learn how to make the traditional risotto and pasta and of course the perfect tiramisù all flushed by Valpolicella Red wine!

Day 8

Today is your departure day. Check out after breakfast and enjoy the last moments before to leave. Transfer to airport will be organized according with flight schedule.

Arrivederci!
